

Basic Drug Investigation (BDI) TRAINING ANNOUNCEMENT

Ohio NARCO, will be offering a five day/fifty hour Basic Drug Investigation (BDI) training program for a **maximum of 30 students**. This training is designed for officers assigned to a drug enforcement unit who have limited experience. A description of the Training is attached for reference. ***Please be aware that all students will be expected to participate in all training activities, which will run into the evening hours and exceed 8 hours per day and 40 hours per week. Students and agency administrators should discuss payroll issues prior to submitting an application for training.***

Training Dates: November 1st – 5th, 2021

Training Location: Columbus/Worthington Double Tree Hotel & Conference Center
Columbus, Ohio

Training Tuition: \$500.00 per in state student / \$600.00 out of state
*Tuition doesn't include special rate for lodging

The training tuition covers all student materials and certificate. Lodging is provided at a discounted rate Sunday evening through Friday morning, and the students will be responsible for making their lodging accommodations and meals.

Students will be confirmed for training based on agency affiliation: First--OCJS/Byrne task force officers, Second--NARCO members and Last—all others. Students will also be confirmed on the basis of available role-players and evaluators. There is a minimum requirement of one role player or evaluator per registered student, in addition to the instructors. **It is imperative that task forces provide instructors, role players and evaluators. Officers who have extensive experience and/or have completed a previous BDI program are requested.** If you should have any questions or comments, please feel free to contact President Dick Meadows via email at dickmeadows@ohionarco.org

NOTE: There is a backlog of verbal requests for this training. Please submit applications for student registration and role player/evaluator positions as soon as possible. A tentative registration deadline is August 31st, 2021.
